1-Drum Inline Spill Pallet

This 1-drum inline spill pallet holds one 55-gallon drum in a single row. The narrow footprint fits against walls, along aisles and in tight rooms where a square pallet will not go, while the 12-gallon sump catches leaks and drips.

It is molded from polyethylene that will not rust and resists most oils and chemicals. The low deck height keeps loading easy, and the spill pallet ramp (C1689E) lets you roll drums on with a hand truck.

GOOD FOR

- Drums lined up against a wall or along a narrow aisle
- Dispensing stations where drums sit in a row
- Tight maintenance rooms with no space for a square pallet

SPECIFICATIONS

Holds	one 55-gallon drum
Size (W x D x H)	26 x 26.25 x 6.5 in.
Sump capacity	12 gallons
Load capacity	2,000 lb
Weight	16 lb
Item number (SKU)	C1633INE

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
