3-Drum Inline Spill Pallet

This 3-drum inline spill pallet is a connectable system that holds three 55-gallon drums in one row, about 26 inches deep. Liquid that spills on the decks runs into a bladder reservoir underneath, giving it 99 gallons of total containment in a deck only 5.75 inches tall.

GOOD FOR

- Drums lined up against a wall or along a narrow aisle
- Dispensing stations where drums sit in a row
- Tight maintenance rooms with no space for a square pallet
