PRODUCT SPEC SHEET
Item C1620E

2-Drum Spill Control Pallet, Yellow

This 2-drum spill control pallet gives two 55-gallon drums a raised, sturdy deck over a deep containment sump of 66 gallons. It is the classic choice for permanent drum storage in shops, plants and warehouses: drums sit on the grating, and anything that leaks or splashes during dispensing collects below, out of the way.

GOOD FOR

- Oil, lubricant and hydraulic fluid drums in maintenance shops
- Chemical and solvent drums in warehouses and plants
- Waste oil and used-fluid collection areas
- Fleet garages, manufacturing lines and loading docks
