2-Drum Steel Spill Pallet, Blue Powder, No Drain Plug

This 2-drum steel spill pallet is built entirely of steel to hold two 55-gallon drums. Choose steel over polyethylene where heat, sparks, open flames or flammable liquids are a concern, or wherever a pallet needs to take hard knocks.

The blue powder-coated finish protects the steel sump from corrosion, and the galvanized grating keeps drums up out of anything that collects below. Forklift access lets you reposition a loaded pallet.

GOOD FOR

- Oil, lubricant and hydraulic fluid drums in maintenance shops
- Chemical and solvent drums in warehouses and plants
- Waste oil and used-fluid collection areas
- Fleet garages, manufacturing lines and loading docks

SPECIFICATIONS

Holds	two 55-gallon drums
Size (W x D x H)	51.2 x 27 x 13 in.
Sump capacity	74 gallons
Load capacity	2,000 lb
Weight	130 lb
Drain plug	No
Forklift pockets	Yes
Material	Steel, blue powder-coated
Item number (SKU)	C1620STE

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
