Acid Spill Neutralizer Pillows

Acid Spill Neutralizer Pillows absorb acids (absorbs and neutralizes).

These pillows absorb acid spills and neutralize them at the same time. A color change shows you when the acid has been neutralized, and the spent material can then be thrown away as non-hazardous waste, which makes cleanup simpler and cheaper.

GOOD FOR

- Acids, caustics and aggressive chemical spills
- Labs, battery rooms and chemical storage areas
- Hazmat response kits

SPECIFICATIONS

Absorbs	Acids (absorbs and neutralizes)
Style	Pillow
Indicator	Color change when neutralized
Disposal	Non-hazardous waste after neutralizing
Weight	About 25 lb
Item number (SKU)	CAN612G

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
