4-Drum Inline Spill Pallet, Polyethylene, 66 Gal.

This 4-drum inline spill pallet holds four 55-gallon drums in a single row. The narrow footprint fits against walls, along aisles and in tight rooms where a square pallet will not go, while the 66-gallon sump catches leaks and drips.

It is molded from polyethylene that will not rust and resists most oils and chemicals. The low deck height keeps loading easy, and the spill pallet ramp (C1689E) lets you roll drums on with a hand truck.

GOOD FOR

- Drums lined up against a wall or along a narrow aisle
- Dispensing stations where drums sit in a row
- Tight maintenance rooms with no space for a square pallet

SPECIFICATIONS

Holds	four 55-gallon drums
Size (W x D x H)	26.25 x 103.5 x 6.5 in.
Sump capacity	66 gallons
Load capacity	8,000 lb
Weight	64 lb
Item number (SKU)	C1647INE

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
