Anchor System for Spill Containment Boom, 23 lb Anchor

The Anchor System for Spill Containment Boom is a complete mooring kit for holding floating boom in place: a 23 lb galvanized fluke-style (Danforth-type) anchor, a galvanized shackle, 8 ft of galvanized chain, 60 ft of polypropylene anchor line and a 15" marker buoy.

GOOD FOR

- Holding boom across a marina, harbor entrance or outfall
- Standing protection booms around fuel docks and moored vessels
- Keeping boom in place against current, tide and wind
- Silt and turbidity curtains
