4-Drum Steel Spill Pallet, Silver Galvanized, No Drain Plug

This 4-drum steel spill pallet is built entirely of steel to hold four 55-gallon drums. Choose steel over polyethylene where heat, sparks, open flames or flammable liquids are a concern, or wherever a pallet needs to take hard knocks.

The silver galvanized finish protects the steel sump from corrosion, and the galvanized grating keeps drums up out of anything that collects below. Forklift access lets you reposition a loaded pallet.

GOOD FOR

- Oil, lubricant and hydraulic fluid drums in maintenance shops
- Chemical and solvent drums in warehouses and plants
- Waste oil and used-fluid collection areas
- Fleet garages, manufacturing lines and loading docks

SPECIFICATIONS

Holds	four 55-gallon drums
Size (W x D x H)	47.25 x 47.25 x 13.25 in.
Sump capacity	68 gallons
Load capacity	3,875 lb
Weight	195 lb
Drain plug	No
Forklift pockets	Yes
Material	Steel, silver galvanized
Item number (SKU)	C1182U

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
