IBC Spill Pallet, Double Stackable Poly Platform 58.75x58.75x33 inches No Forklift Pocket Yes Drain

This double-stackable IBC spill pallet lets you stack two IBC totes, one on top of the other, over a single 400-gallon containment sump. You get containment for two totes in the floor space of one.

The reinforced polyethylene structure is rated for 16,000 lb, enough for two full totes, and it resists rust and most chemicals.

GOOD FOR

- 275- and 330-gallon IBC totes of chemicals, oils or coolants
- Tote dispensing stations in plants and warehouses
- Agricultural chemical and fertilizer storage
- Water treatment and cleaning chemical storage
