# 6-Drum Modular Spill Pallet

This 6-drum modular spill pallet is a low-profile polyethylene deck that holds six 55-gallon drums over a 88-gallon containment sump. If a drum leaks, drips during dispensing or gets punctured, the liquid drops through the grating and stays in the sump instead of spreading across the floor or into a drain.

## GOOD FOR

- Oil, lubricant and hydraulic fluid drums in maintenance shops
- Chemical and solvent drums in warehouses and plants
- Waste oil and used-fluid collection areas
- Fleet garages, manufacturing lines and loading docks

## SPECIFICATIONS

| | |
|---|---|
| **Holds** | six 55-gallon drums |
| **Size (W x D x H)** | 51.5 x 77 x 6.5 in. |
