# Oil-Only Absorbent Pillows, 10"x10", 40/Case

Oil-Only Absorbent Pillows absorb oil and fuels only (repels water), with up to 30 gallons of absorbency per case.

These pillows soak up oil, gasoline, diesel, hydraulic fluid and other petroleum-based liquids. They repel water, so they keep working outdoors, on wet floors and even floating on water. Tuck them under drips, into drip pans and sumps, inside cabinets, or anywhere pads and rolls can't reach. The outer skin holds absorbed liquid so pillows don't drip when you pick them up.

## GOOD FOR

- Oil and fuel leaks in shops, garages and plants
- Spills outdoors or on wet floors (it repels water)
- Marinas, boat docks and spills on water
- Under machines, presses and hydraulic equipment
