Oil-Only Drum Toppers, 22" Round, Heavy Duty, 25/Case

These pre-cut 22-inch round absorbent pads sit right on top of a 55-gallon drum and catch drips, splashes and spills while you dispense, fill or transfer. Because they are already the right shape, there is no cutting and no waste from square pads.

The blue oil-only pads soak up oil, diesel, gasoline and hydraulic fluid while repelling water, and the color makes them easy to tell apart from universal pads. Heavy-duty construction resists tearing even when saturated. A case of 25 absorbs up to 8 gallons. Keep them at every drum station to help meet EPA SPCC and OSHA rules.

GOOD FOR

- Drum dispensing and filling stations
- Catching drips on 55-gallon drum lids
- Oil and fuel drum storage areas

SPECIFICATIONS

Absorbs	Oil and fuels only (repels water)
Size	22 in. round (fits 55-gallon drum tops)
Width	22 in. (diameter)
Depth	22 in. (diameter)
