Body Fluid Cleanup Kit, Carry Case

The Body Fluid Cleanup Kit in a compact carry case gives staff the protective gear and absorbent to clean up blood, vomit and urine safely.

The absorbent gels liquid on contact so it can be scooped up and bagged, and the red biohazard bags keep waste separate. Single-use parts help prevent cross-contamination.

GOOD FOR

- Schools and daycares
- Healthcare and senior living
- Restaurants and hospitality
- Offices, transit and public venues
