Hazmat Spill Kit, 5-Gallon Red Bucket, Absorbs 6 Gal.

The CleanUp Stuff Hazmat Bucket Spill Kit packs HazMat absorbents into a red 5-gallon bucket with a lid and absorbs about 6 gallons of chemicals and everyday fluids.

Keep one near machines, loading docks, shop floors and vehicle bays so the first person on scene can stop a spill fast. The HazMat pads and socks absorb acids, bases, caustics and other aggressive chemicals, plus everyday fluids. Afterward the bucket holds the used absorbents until you dispose of them.

GOOD FOR

- Shop floors, loading docks and maintenance bays
- Forklifts, generators and equipment
- Vehicle and fleet parking areas
- Satellite spill stations near drums and totes
- Schools, offices and facilities teams
