Oil-Only Fleet Cab Spill Kit with Leak Plugs, Absorbs 10.7 Gal.

The CleanUp Stuff Oil-Only Fleet Cab Spill Kit fits behind a truck seat and holds oil-only absorbents for up to 10.7 gallons, plus plug and dike putty and wooden plugs to stop a leak.

Drivers can stop a leaking tank, drum or fuel line and clean up on the spot. The oil-only absorbents soak up oil, fuel, hydraulic fluid and other petroleum liquids while repelling water, so it works on wet ground and floats on water.
