Universal Spill Kit with Super Sorbent Granules, 5-Gallon Red Bucket, Absorbs 11 Gal.

The CleanUp Stuff Universal Bucket Spill Kit with Super Sorbent packs universal absorbents into a red 5-gallon bucket with a lid and absorbs about 11 gallons of oil, water and coolants.

Keep one near machines, loading docks, shop floors and vehicle bays so the first person on scene can stop a spill fast. The universal pads and socks absorb oil, water, coolants, solvents and most other non-aggressive liquids. The granular Super Sorbent spreads over drips and splashes that pads can't reach, then sweeps up. Afterward the bucket holds the used absorbents until you dispose of them.

GOOD FOR

- Shop floors, loading docks and maintenance bays
- Forklifts, generators and equipment
- Vehicle and fleet parking areas
- Satellite spill stations near drums and totes
- Schools, offices and facilities teams
