Replacement bladder for Inline Spill Pallet (bladder only)

A replacement bladder for connectable inline spill pallets (C2360INU, C2361INU and C2333INU).

The bladder sits in its housing under the spill decks and gives the inline system its extra reservoir capacity, catching liquid that runs off the decks. This is the bladder only; it fits into the housing (C2317INU, sold separately). Replace a worn or damaged bladder to keep the system at full capacity.

SPECIFICATIONS

Item number (SKU)	C6340INU

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
