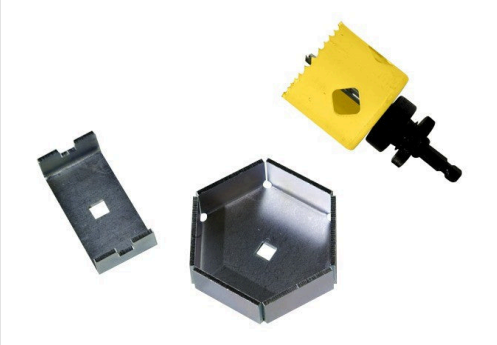
Required Assembly Kit for Modular Spill Pallets



The assembly kit for modular IBC spill pallet systems, indoor or outdoor, 2-tote through 5-tote.

It includes a hole saw and arbor for cutting the connection holes in the module walls, two tightening tools for leak-free connections, and bulkhead fittings. One kit covers every connection in a single modular system, whatever its size.

SPECIFICATIONS

Item number (SKU)	C1118U

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
