Spill Containment Berm Hose Stand

This stand holds fill and transfer hoses up over the berm wall so their weight does not crush the wall, kink the hose or create a low spot that could let a spill escape.

It is made of chemical-resistant black polyurea that stands up to UV, fuel and weather, and it works with most standard containment berms.

GOOD FOR

- Protecting a berm floor from tire wear and punctures
- Expanding or repairing an existing berm or wall system
- Draining rainwater from berms the right way

SPECIFICATIONS

Size	16.25 x 9.25 x 23.5 in.
Width	16.25 in.
Depth	9.25 in.
Height	23.5 in.
Material	Polyurea, black
Weight	About 7.5 lb
Item number (SKU)	C8369U

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
