Universal Absorbent Pillows, 18"x18", 10/Case

Universal Absorbent Pillows absorb oils, coolants, solvents and water, with up to 23 gallons of absorbency per case.

These pillows soak up oil, water, coolants, solvents and other non-aggressive liquids. One stock covers most everyday leaks, whatever the fluid. Tuck them under drips, into drip pans and sumps, inside cabinets, or anywhere pads and rolls can't reach. The outer skin holds absorbed liquid so pillows don't drip when you pick them up.

GOOD FOR

- Everyday leaks of oil, coolant, solvents and water
- Maintenance shops and production floors
- Facilities that want one absorbent for most fluids
