Universal Drum Toppers, 22" Round, Heavy Duty, 25/Case

These pre-cut 22-inch round absorbent pads sit right on top of a 55-gallon drum and catch drips, splashes and spills while you dispense, fill or transfer. Because they are already the right shape, there is no cutting and no waste from square pads.

The gray universal pads soak up oil, water, coolant, solvents and other shop fluids. Heavy-duty construction resists tearing even when saturated. A case of 25 absorbs up to 8 gallons. Keep them at every drum station to help meet EPA SPCC and OSHA rules.

GOOD FOR

- Drum dispensing and filling stations
- Catching drips on 55-gallon drum lids
- Oil and fuel drum storage areas

SPECIFICATIONS
