Hazmat Absorbent Roll, Bonded, Heavy Weight, 30"x150', 1 Roll

Hazmat Absorbent Roll absorbs acids, caustics, solvents and other chemicals, with up to 55.2 gallons of absorbency per case.

This roll soaks up acids, caustics, solvents and other aggressive chemicals, as well as oils and water. The yellow color marks it as a chemical-spill absorbent, so crews grab the right material fast. Roll it out along aisles, under conveyors and machine lines, or across a large spill, and tear off just the length you need.

GOOD FOR

- Acids, caustics and aggressive chemical spills
- Labs, battery rooms and chemical storage areas
- Hazmat response kits
