Oil-Only Absorbent King Pads, Economy, Heavy Weight, 30"x30", 50/Case

Oil-Only Absorbent King Pads absorb oil and fuels only (repels water), with up to 52.8 gallons of absorbency per case.

These pads soak up oil, gasoline, diesel, hydraulic fluid, cutting oil and other petroleum-based liquids. They repel water, so they keep working on wet floors, outdoors in the rain and even floating on water. At 30 by 30 inches, each king pad covers four times the area of a standard pad, so large spills and equipment footprints take fewer pieces.

GOOD FOR

- Oil and fuel leaks in shops, garages and plants
- Spills outdoors or on wet floors (it repels water)
- Marinas, boat docks and spills on water
- Under machines, presses and hydraulic equipment

SPECIFICATIONS
