PRODUCT SPEC SHEET
Item CWBB318S

Oil-Only Bilge Booms, 3"x18", 20/Case

These bilge booms soak up oil, diesel, gasoline and hydraulic fluid in the bilge and ignore the water, so the water you pump out is clean and no oily sheen goes overboard. They float even when saturated. Drop them into the bilge sump, lay them alongside the engine, or tuck them under fuel fittings and hydraulic lines.

GOOD FOR

- Boat bilges and engine compartments
- Marinas and boat yards
- Under-deck sumps that collect oily water
