Pipe Sock for Oil & Sediment, 8" Diameter x 60"

This pipe sock slides inside a 8-inch drain pipe and filters runoff as it flows through. The oil-absorbing filter media grabs oil, grease and sediment while clean water passes, so petroleum never reaches the storm system. It needs no power and no upkeep: just push it into the pipe opening.

GOOD FOR

- Parking lot and fueling area drain pipes
- Vehicle maintenance yards
- Industrial sites with NPDES stormwater permits

SPECIFICATIONS

Fits	8 in. diameter drain pipe
Size	8 in. diameter x 60 in. long
Absorbs	Oil and grease; traps sediment
Oil capacity	Up to 1.7 gallons
Weight	About 2 lb
Item number (SKU)	C9705-OSU

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
