Replacement Bladder with Housing for Inline Spill Pallet

A complete replacement bladder with housing for connectable inline spill pallets (C2360INU, C2361INU and C2333INU).

The bladder and housing come as one unit, so installation is simpler than buying the two parts separately. It restores the reservoir that collects liquid running off the spill decks. If only the bladder is damaged, the bladder alone is available as C6340INU.

SPECIFICATIONS

Item number (SKU)	C2317INU

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
