Resizable Modular Containment Berm, 13' x 43' x 6", 2,161 Gal.

The Resizable Modular Containment Berm (13 ft x 43 ft outside, 6 in. walls) holds up to 2,161 gallons of spilled liquid for secondary containment and is made of 22 oz anti-skid PVC liner.

A reconfigurable berm built from interlocking wall and corner blocks over an anti-skid liner. Add or remove sections to change its size as your needs change. Rebar anchoring stakes are not included.

GOOD FOR

- Tank farms and equipment pads that change size over time
- Permanent containment around tanks and IBC totes
- Chemical and fuel storage areas
