PRODUCT SPEC SHEET
Item C1689E

Spill Pallet Ramp, Yellow

A yellow polyethylene ramp that lets you roll a 55-gallon drum onto a spill pallet with a hand truck or drum dolly instead of lifting it.

A full 55-gallon drum can weigh 400 pounds or more, and lifting one by hand is a real injury risk. This ramp gives you a gradual 7.875-inch rise and supports up to 1,500 lb. It fits the spill control pallet C1645E and nesting pallet C1646E, plus the inline pallets C1632INE, C1633INE and C1647INE. Call (800) 869-9633 to confirm fit for other models. The ramp is sold on its own; the pallet is separate.

SPECIFICATIONS

Size (W x D x H)	45.525 x 32 x 7.875 in.
Load capacity	1,500 lb
Weight	32 lb
Item number (SKU)	C1689E

Specifications are typical values and may change without notice. Safety Data Sheets (SDS) and other documents are available on request.
