Universal Absorbent Roll, Contractor Grade, Medium Weight, 30"x150', 1 Roll

Universal Absorbent Roll absorbs oils, coolants, solvents and water, with up to 40 gallons of absorbency per case.

This roll soaks up oil, coolant, antifreeze, solvents, water and other water-based fluids. Because it soaks up almost any non-aggressive liquid, one stock of this covers most everyday leaks in a shop. Roll it out along aisles, under conveyors and machine lines, or across a large spill, and tear off just the length you need.

GOOD FOR

- Everyday leaks of oil, coolant, solvents and water
- Maintenance shops and production floors
- Facilities that want one absorbent for most fluids
