Universal Absorbent Rolls, Contractor Grade, Heavy Weight, 30"x150', Pallet of 21 Rolls

Universal Absorbent Rolls absorb oils, coolants, solvents and water, with up to 44 gallons of absorbency per case.

These rolls soak up oil, coolant, antifreeze, solvents, water and other water-based fluids. Because they soak up almost any non-aggressive liquid, one stock of these covers most everyday leaks in a shop. Roll it out along aisles, under conveyors and machine lines, or across a large spill, and tear off just the length you need.

GOOD FOR

- Everyday leaks of oil, coolant, solvents and water
- Maintenance shops and production floors
- Facilities that want one absorbent for most fluids

SPECIFICATIONS

Absorbs	Oils, coolants, solvents and water
